FINAL POSITION ON ASEAN HARMONIZATION

- APSKI has been asked to attend audience with the Badan BPOM RI (22nd April 2016) and present the industry views prior to May consultative session in Singapore.
- APSKI in view has supported the view that Indonesia should take position to ensure it continues to work within the commitment of the 9 other ASEAN states and also support the harmonization.
- BPOM acknowledges the input and has proposed a revision to the term of agreement and will revise it to Framework status. This is a legal terminology being looked upon by technical team.
